## PLAN. PREPARE. PROTECT.

## CYBERSECURITY - LEVEL II

(IN PERSON OR VIRTUAL)

Unlock the secrets to a resilient and secure organizational future with our exclusive Cybersecurity Level II Mastery Workshop. Dive into actionable insights and empower your team to safeguard against evolving digital threats. This is an immersive workshop and equips your team with the knowledge and tools needed to navigate the complex landscape of cybersecurity. Fortify your organization against cyber threats! Here's a sneak peek into what you'll learn:

- **Strategic Priority Setting**

*Make cybersecurity a strategic cornerstone, aligning it seamlessly with your organizational goals.*

- **Mission-Critical System Understanding**

*Collaborate with IT experts to gain a comprehensive understanding of your mission-critical systems, programs, and operations.*

- **Risk Mitigation Strategies**

*Identify potential system vulnerabilities that could bring your organization down and work with IT to assess and implement effective risk mitigation strategies.*

- **Insurance Wisdom**

*Gain in-depth knowledge by meeting with IT and Cyber Insurance providers. Understand coverage nuances, responsibilities, and liabilities.*

- **Financial Impact Assessment**

*Learn techniques to assess potential financial impacts, including the cost of system replacements and emergency expenses.*

- **Automation and Regulation Tactics**

*Discover the power of automation in audits and assessments post-strategy implementation. Incorporate yearly penetration testing, staff training, and robust Disaster Recovery and Incident Response plans.*

- **Insider Threat Management**

*Take proactive steps to address potential insider threats from employees, vendors, contractors, and suppliers.*

- **Business-Centric Cybersecurity**

*Recognize that cybersecurity is not just an IT problem but a critical business concern. Involve stakeholders across the organization.*

- **Insurance Coverage Insights**

*Gain a deep understanding of your Cyber Insurance coverage and ensure it evolves with your organizational needs.*
